

## NEXT LEVEL CHANGES FOR THE UNHOUSED

In its third year, the **Healthy Shelter Initiative** prioritized safety and security, which entailed the installation of a new exterior security camera system and a complete renovation of our office space. The redesigned office layout provides staff with a clearer view of the facility, enhancing monitoring capabilities during overnight operations. Looking ahead, we're preparing for additional upgrades, such as installing more durable, bug-resistant flooring that's simpler

to clean. Furthermore, we've relocated the **Winter Warming Station** to the same facility as the **Emergency Shelter**, fostering enhanced collaboration among staff and ensuring a safer environment for volunteers, staff, and guests. Since its inception in 2021, this initiative has introduced various enhancements, including new beds, mattresses, outdoor lockers, an upgraded elevator, a zero food waste program, and easier-to-clean tables and chairs.

## COMMUNITY STRONG

In times of financial hardship, many of our neighbors find themselves facing the daunting prospect of eviction or utility disconnection.

At LUM, we recognize the importance of keeping families housed and utilities connected, which is why we are proud to operate the **LUM Financial Assistance Program**. This program, fueled by the **LUM Good Samaritan Fund**, provides critical support to individuals and families struggling to afford rent and utilities, offering them a lifeline during challenging times.

Your contribution to the **LUM Good Samaritan Fund** ensures that **100% of your donation goes directly towards covering these vital expenses for our neighbors in need**. By giving to this fund, you are making a tangible difference in the lives of those we serve, providing them with stability and security when they need it most. Whether it's keeping the lights on or ensuring a roof over their heads, your generosity offers hope and assistance where it is needed most.

The impact of your donation extends far beyond immediate relief. **By preventing evictions and utility shut-offs, you are helping to preserve the fabric of our community and prevent the devastating cycle of homelessness.** Stable housing is essential for individuals and families to thrive, and your support helps create a foundation for long-term stability and self-sufficiency. **So far in 2024, LUM has distributed \$24,913 in aid to more than 317 households.**

As we continue to navigate the challenges brought on by societal issues and economic uncertainty, the need for support from donors and volunteers like you has never been greater. Your generosity allows us to meet the growing demand for financial assistance and ensure that every member of our community has a safe and stable place to call home. ## EMPOWERING NEW BEGINNINGS

FINDING SAFETY IN AMERICA: A FAMILY'S JOURNEY WITH LUM — WRITTEN BY COLE CRIDER

In the wake of unprecedented turmoil and conflict, families like **Nataliaa and Serhii's family** (pictured) from Ukraine have found solace and support through the compassionate efforts of organizations like **Lafayette Urban Ministry**. Their journey, marked by uncertainty and danger, underscores the critical role that the **LUM Immigration Clinic** plays in providing a lifeline for immigrants seeking refuge and stability in the United States.

Arriving in America on December 1, 2022, Nataliaa, Serhii, and their children—Karina, Matvii, and Andrii—were thrust into a new reality, fleeing the turmoil of their homeland under the United for Ukraine Program with Riverside Covenant Church (West Lafayette, IN) as their sponsor. Nataliaa, Serhii, and their children, attend church events and gatherings, serving as pillars of support and connection in their new home. Nataliaa also leads a bible group for Ukrainian girls in the West Lafayette, IN area.

Their story echoes the plight of many Ukrainian families torn between the safety of a new land and the heart-wrenching worry for loved ones left behind. Nataliaa, once a kindergarten teacher, and Serhii, a furniture designer, faced harrowing circumstances back home, with several military targets in their town and daily life overshadowed by the constant threat of violence. The family recalls a gas station near their home being bombed, serving as a stark reminder of the peril they escaped. ***"Nobody is safe in Ukraine because nobody knows when rockets will come down,"*** says Nataliaa.

Despite the physical safety found in West Lafayette, IN, emotional scars persist as they grapple with concerns for family and friends still in Ukraine. The United States visa process brought its own challenges, but the LUM Immigration Clinic emerged as a beacon of hope, offering vital assistance in navigating the complexities of this system.

Extending their stay in the United States by six months, LUM eased the burden of uncertainty, allowing the family the flexibility to travel to loved ones in Ukraine without fear of jeopardizing their immigration status. The streamlined process provided by LUM spared Nataliaa and Serhii from the daunting task of deciphering intricate legal procedures, affording them precious time to nurture their family bonds while continuing to work.

Karina, speaking on behalf of her family, expresses profound gratitude for the unwavering support they received from LUM. ***"We're really thankful for the people who have helped us,"*** Karina affirms. ***"The work that LUM does for immigrants is important."***

As the world continues to witness the plight of displaced families seeking refuge, organizations like Lafayette Urban Ministry stand as examples of compassion and hope. Through their commitment to serving immigrant communities, the **LUM Immigration Clinic** exemplifies the transformative impact of empathy and assistance in rebuilding shattered lives and nurturing newfound dreams of a brighter tomorrow.

**Christian Gallo**, LUM Immigration Clinic director, working tirelessly on this case.
